Coated
Look at your tongue. Is it coated? Then you have a bad taste in your mouth every morning. Your appetite is poor, and food distresses you. You have frequent headaches and are often dizzy. Your stomach is weak and your bowels are always constipated. There's an old and reliable cure:
Ayer's Pills
Don't take a cathartic dose and then stop. Better take a laxative dose each night, just enough to cause one good free movement the day following. You feel better the very next day. Your appetite returns, your dyspepsia is cured, your headaches pass away, your tongue clears up, your liver acts well, and your bowels no longer give you trouble.
Price, 25 cents. All druggists.
"I have taken Ayer's Pills for 35 years, and I consider them the best made. One pill does me more good than half a box of any other kind I have ever tried."
